

WE WISH YOU

A MERRY CHRISTMAS

WE ALL HAVE CAUSE TO REJOICE

THE good old year of 1903 is fast drawing to a close; like a grand old ship she is sweeping into port laden with her joys and sorrows, successes and disappointments. To the **BURTON-PEEL DRY GOODS CO.** this has been a year of marked success. It has witnessed the successful opening of some of our largest stores, it has marked the banner year's business among all our stores and especially so in our Ardmore business. We started out to make this the best year's business in our career and our success has by far exceeded our most sanguine expectations. For this we are very thankful and feel that our foundation stone of "One Price," "Spot Cash," coupled with our motto, "Divide the Profits With the Customers," are both understood and appreciated by the people.

KEEP YOUR EYE OPEN

Don't be led off with little "Jim Crow" schemes; the woods are full of "something for nothing" tricks, and "catch penny" side shows. The fact is that no house in Ardmore, whether large or small, can stand the hot shot we have been pouring into them; they cannot meet our prices in the open and are compelled to cry "cost sale" or some other old, worn out chestnut.

No house can sell goods at cost and pay expenses. Beware of all such monkey business and trade with the house that marks goods in **PLAIN FIGURES**, not only in special sales, but every day in the year. Take a look through our house and you will be convinced that you can buy

NEW, CLEAN, DESIRABLE GOODS

for what is asked for the trash offered elsewhere. Again we wish you a merry Christmas.

About Giving Gifts.

If I had my own way about gifts I would give to all people just what they want. If I couldn't tell what they want from their tastes I would ask them. I would never give a cigar clip to a man who doesn't use tobacco, nor a stop watch to one who never saw a horse race. I would give clothes, shoes, hats, if I thought people needed them—without the slightest hesitation. I would measure his old coat around the chest and pick out a "house coat." And I would look at the number inside his shoes, so that his slippers would fit when they come home. I would stuff the stockings of children with warm wraps and dresses and underwear, rather than with sweets. Santa Claus attends to the toys and candies. I would give gloves and neckwear and collars and shirts, and I would see that every one got a dress pattern or two, of cotton, wool or silk—for they can be made up whenever wanted. I would give jewelry to those who can afford to wear it, and watches to those who are habitually behind time. To that golf friend—I mean friend—of mine I would send one of those Angora jackets—and get it now before they are gone. To that girl who plays all day next door on the old piano I would give a new Bush & Gerts; and to every child I would give some sort of musical instrument. For I believe every one should learn to play something, if it's only a fiddle. Besides, it would keep them out of other mischief. If I had my own way I would have Christmas every day in the year—making everything bought a gift to some one.—Wanamaker's, Philadelphia, Pa.
